Admiral James S. Gracey, USCG
Commandant, United States Coast Guard
Headquarters United States Coast Guard
2100 Second Street, SW
Washington, DC 20593

Dear Admiral Gracey:

I have been advised of the reassignment of Lt. Richard A. Rita, USCG, from the Navy Operational Intelligence Center (NOIC) to the Coast Guard Academy. On this occasion I would like to express appreciation for the excellent cooperation and support he has provided to the Intelligence Community Staff, Committee on Imagery Requirements and Exploitation (COMIREX).

While assigned as Coast Guard Liaison Officer to the NOIC, Lt. Rita became involved with the COMIREX Staff in applying imagery assets against a subject of high national interest. In the course of this activity, Lt. Rita showed enthusiasm and initiative and presented himself very well during numerous contacts with Senior representatives of the Intelligence Community and the Office of the Vice President. His performance reflected very creditably upon himself and the United States Coast Guard. Please extend my appreciation to him on behalf of the Intelligence Community Staff.

Sincerely,

Rear Admiral, USN
